

Addendum No. 3
To the Plans and Specifications of

Mobile Fire Station #19
1309 Azalea Road
Mobile, Alabama 36693

One Page
June 30, 2025

This addendum, in conjunction with the original issue of Contract Documents, dated February 28, 2025, hereby constitute the current documents for the construction project. This addendum consists of:

GENERAL:

G1. No items this addendum.

DRAWINGS:

Civil:

C1. No items this addendum.

Structural:

S1. No items this addendum.

Architectural:

- A1. Sheet A201: There are two types of exterior signs on the building. The 16" letter and 5' logo on the right side of the front elevation are to be reverse channel aluminum letters painted bronze. Letters are to be flush mounted to brick without a backer. The 5' "19" on the left side of the front elevation is to be standard channel aluminum numerals, perforated bronze day/night vinyl front with interior LED lighting.
- A2. Sheet A201: Use an \$800 per thousand brick allowance for modular brick veneer. This allowance is only for brick material, not including standard gray grout or any accessories.

Electrical:

E1. No items this addendum.

Mechanical, Plumbing, and Fire Protection:

M1. No items this addendum.

SPECIFICATIONS:

1. No Items this addendum.

SUBSTITUTIONS:

1. Equal products by Sesco Lighting may be substituted for specified lighting. Contact Hank Lawson at the following email address: hlawson@sescolighting.com
